

### **COVID Initial Opening Riding Rules and Format**

In order to provide access to the Calgary BMX track during this period of limited business operations caused by COVID-19 restrictions, Calgary BMX must impose a strict format to comply with our understanding of Alberta Health Orders and Directives. We recognize these new regulations may not be pleasant but access to the track during a pandemic is a privilege and we need to ensure transmission risk at the track is minimized and that the Club does its part to maintain strict standards as may be imposed by Alberta health and welfare authorities.

We look forward to the relaxation of these rules when restrictions are eased but for now, to ride you must comply with the following:

#### **Membership**

- All riders must purchase and be in possession of a valid 2020 UCI and Calgary BMX membership.
- Non-members/day riders not accepted at this time.
- All riders must have their own equipment. Bike shed/rentals are not available.

#### **Schedule Booking**

- Once confirmation of membership has been provided, members may access the booking tool to schedule their riding time; website link will be provided to you.
- Members may only book a maximum of 2 sessions per week in advance to allow all members equal opportunity to ride at the facility.
- Slots are scheduled in 1hr intervals and are first come first serve. This is to ensure everyone has the opportunity to get a riding time.
- You can schedule up to 24 hrs in advance.
- If you must cancel your booking time, please do so with 12hrs or more notice. There is no cancellation fee but repeat no shows will result in a two-week suspension from riding.

#### **Non-riders**

- As the current government restrictions require that we limit access to 50 persons, priority will be given to members who will ride. Consequently, riding minors may have 1 parent/guardian accompany them into the track.
- If you are a parent/guardian who also rides, 2 spots must have been booked during the same time. This means 2 riders equals 2 scheduled riding spots. For example, if you are

a family of 4 and only dad and kids ride then you would book 3 spots and mom would come as the parent/guardian.

- No additional spectators are permitted (this allows us to have maximum number of riders with our limited spots); **this includes significant others and children.**
- If you arrive with more than 1 parent/guardian or other persons in the vehicle you can choose to either leave and not ride, or the additional persons can leave. No exceptions.

#### Arriving at your scheduled riding time

- You may arrive 15mins before your scheduled time.
- You will check in (paperless and no contact) at the gate.
- The entrance gate stall will ask you to confirm you are fit (healthy) to enter through a verbal 'fit for riding' list of questions. You must answer all in the affirmative before you can enter.
- It is recommended that you perform hand hygiene frequently; there are sanitization stations throughout the track, or you may use your own.

#### Parking

- The entrance gate staff will assign you a parking lot (North or South).
- You may not switch parking lots.
- You may not park anywhere else than where you are assigned.
- This is to allow for traceable contact in the event someone becomes sick.
- You may not ask for preferential treatment and request a specific parking lot.
- Failure to comply with the above will result in a two-week suspension of riding and/or revoking of all riding privileges, or, at the discretion of the Board of Directors, termination of membership.

#### End of scheduled riding time

- You will be given a 5min warning before your scheduled riding time ends. At that time, riders can finish their lap but not start a new one.
- You must leave PROMPTLY at the end of your scheduled time (weekdays 6:30pm or 8:00pm, weekends TBD).
- The next person scheduled to ride cannot enter until everyone has left (the longer you take, the shorter time the next person has).
- Failure to comply with the above may result in a 2 weeks suspension from riding and/or revocation of all riding privileges revoked, or, at the discretion of the Board of Directors, termination of membership.

Physical Distancing

- Physical distancing is required and will be mandated at all times.
- It is expected that you will find an appropriate, physically distant space to wait for your rider(s). We encourage parents coming to bring their own chairs and set up by their cars or in a safe manner around the track while they wait for their rider.
- When not racing, there is no congregating at the exit, start ramp or staging areas.

Spectating

- Bleachers will be open for spectating. Social distancing must be respected at all times.
- Concession, Sand pit and Clubhouse will remain closed.

Washroom Facilities

- There will be porta potties available by the bike shed.
- With each time use of a porta potty we ask that you clean with the provided sanitization spray. Please wash your hands after Porta potty use. Please help us keep the facility clean and as sanitary as we can.
- There will be hand sanitizer and hand washing available.
